

Fegurð haustsins

Ragnar Ragnarsson, sjómaður og göngugarpur, hefur verið á fjöllum hér í kring undanfarið og tekið myndir af fegurðinni sem við hefur blasað alls staðar. Siglfirðingur.is fékk góðfúslegt leyfi hans til að birta nokkrar þeirra hér. Þær voru teknar 22., 23., 25. og 26. september. Sjón er sögu ríkari.

Myndir: Ragnar Ragnarsson.
